Subject: River grove Boat Ramp Changes

I am a resident of Rivergrove and I am writing to express my opposition to the ramp rules changes being considered on Aug 9. I am traveling and unable to make the meeting. I do not want to see hours changed or the parking requirements. I am 65 and hauling my kayak further down the street will not allow me access to the river (without likely injuring myself).

Reducing the hours during the very short summer season is not community friendly.

Kindly please reply with an acknowledgment of this email and.....

Thanks for hearing me out.
