

Recipient: Walt Williams

Letter: Greetings,

Please unlock the boat ramp. Although, we understand that you are doing what you can to protect the citizens of Rivergrove. The undersigned members of the community believe that the boat launch provides so much more good to our community than it does create potential harm. This petition has been circulating for just one day, you can be sure that many more citizens agree with its sentiments.

We want you to know that even though there are those that feel it should be closed, that many more would like to see it open again, immediately.
